

Important notice to commercial customers with accounts

Starting this fall, Orders created using our Electronic Shipping Tools will automatically be validated against the status of customers' accounts. This will streamline the induction process when presenting mail at our facilities that accept commercial mailings, saving you time. Customer accounts that are not in good standing will not have access to the "Account" method of

payment when creating electronic Orders. Should you not have access to this method of payment, you will be required to choose an alternate method of payment, and in some cases you may be required to pay at the time of mailing. Please be assured that if your account is current, you will continue to have access to the "Account" method of payment when creating your electronic Orders.
